Description:
The unit is a synthesis of the four units presented before and adds an extension about the role of the leaders.

Related activities:
- A final essay about the leadership of a well-known person from a company or an organization.

Specific objectives:
- To have a synthesis of the subject and a global vision of the leadership function.

Qualification system

- In each unit there will be exercises, essays and tests that together will provide the qualification of each unit. Each activity does not necessarily have the same weight in the final qualification. To be evaluated in a unit you must have all the essays and assist regularly at class.
- The first unit, the second unit, and the sum of the third and the fourth units together, represent each the 25% of the final qualification of the subject (total 75%).
- The 20% of the final qualification is a final essay about Leadership.
- The final 5% of the evaluation is the generic competence (Entrepreneurship and Innovation) which will be evaluated upon exercises, essays and tests that are suitable to assess this competence.
- There will be a final exam for the students that have not passed the subject during the continued evaluation and the students that want to increase their qualification.

Regulations for carrying out activities

There are no specific rules.
