

UPC Spinoffs & Startups at Barcelona Deep Tech Summit 2025

Barcelona, 4,5,6 November 2025

Fira de Barcelona Gran Via, Hall 3

Exhibitors | UPC Spinoffs & Startups November 4

6	Sta	rtu	ın

Biyiud

biyiud.com

Responsible consumption and positive impact platform with the aim of building user loyalty to promote sustainable brands.

November 5 & 6

Manuel Villa-Arrieta biyiud@biyiud.com

BrainFocus

brainfocus.tech

EEG computational solutions for neurologists to improve care of patients with drug-resistant epilepsy.

November 4

Carlota Pagès

carlota.pages@brainfocus.tech

Folgrid Technologies

folgrid.com

Boosting crop yields through photovoltaic solutions that maximise sunlight capture.

November 4

Oriol Sanchez

oriol.sanchez@folgrid.com

Startup

Haptika Medical Technologies

haptikamedicaltech nologies.com

Haptika **Medical Technologies**

Provides haptic prosthetics that help users perceive pressure and contact with greater precision. Improves movement control and creates a more natural and intuitive experience.

November 4

Jordi Puig

jordipuig@haptikamedicaltechnologies.com

Project

Datlantis

Driving AI scalability at the edge through sustainable subsea data centers.

November 4, 5 & 6

Miguel Marques

luis.marques@student.innoenergy.com

Startup

Kreios Space

kreiosspace.com

Development of the first generation of satellites orbiting in Very Low Earth Orbit (VLEO).

November 4

Adrián Senar

adrian.senar@kreiosspace.com

			4	3
n	m	n	т	

Mapsi Photonics

mapsi.es

mapsi photonics

Revolution in MWIR and LWIR infrared filters using silicon nanopunching technology that replaces traditional multilayers.

November 4

David Cardador Maza david.cm@mapsi.es

Startup

MEETOPTICS

meetoptics.com

Platform that centralises and simplifies the search for optical components for the photonics sector using a specialised search engine.

November 4

Laura Ventura

laura.ventura@meetoptics.com

Startup

Mesai

mesai.cloud

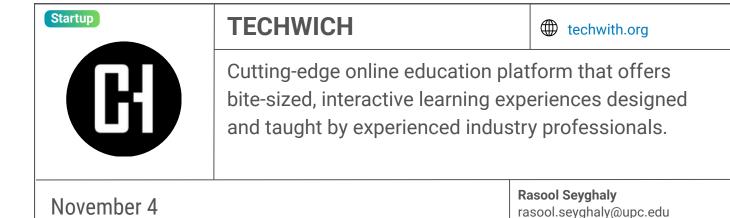

SaaS artificial intelligence platform applied to manufacturing, designed to optimise industrial production in real time.

November 4

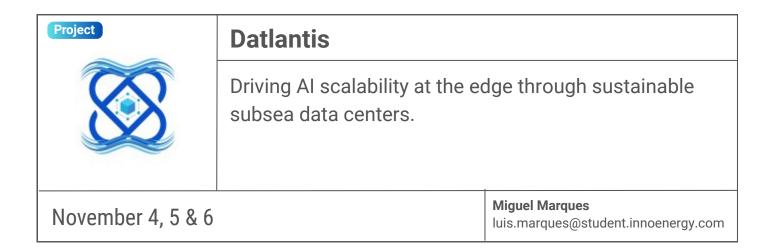

Andrés Torregrosa a.torregrosa@mesai.cloud

Exhibitors | UPC Spinoffs & Startups November 5 & 6

Startup	Biyiud	biyiud.com
3 biyiud	Responsible consumption and positive impact platform with the aim of building user loyalty to promote sustainable brands.	
November 5 & 6		Manuel Villa-Arrieta biyiud@biyiud.com

Startup

Geoskop S.L.

geoskop.tech

Climate intelligence boutique offering unique predictive climate information to the energy sector to drive our clients' climate change adaptation process.

November 5 & 6

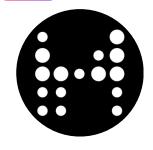

Joan Saladich jsaladich@geoskop.tech

Spinoff

Hypergraph

hypergraph.tech

The first foundational cybersecurity model for businesses, capable of detecting cyberattacks using a foundational model based on graph neural networks.

November 5 & 6

Nicolas Llorens nllorens@napptilus.com

Spinoff

IKUSA Cybersecurity

ikusa.tech

Develops and markets advanced privacy and cybersecurity solutions with a social focus, centred on both corporate and personal privacy.

November 5 & 6

Ismael Castell ismael.castell@upc.edu

Startup

MICA ECO

mica.eco

We're pioneering a plug'n'play system that empowers cities to optimize their water consumption, turn citizen water use patterns into action, and unlock social impact through water.

November 5 & 6

Irene Escobar Irene@mica.eco

Project

Muvity

muvity.cat

Is a computational platform that offers an accessible physical rehabilitation system that enhances patients' autonomy.

November 5 & 6

Gil Serrancolí gil.serrancoli@upc.edu

Spinoff

NIMBLE Diagnostics

dxnimble.com

Diagnose typical stent complications, such as blockages or fractures, early on, even before symptoms appear.

November 5 & 6

Oriol Iborra Egea oriol.iborra@dxnimble.com

Spinoff

Process Talks

processtalks.com

Technology that enables business processes to be modelled easily and with high quality, using Artificial Intelligence algorithms, Natural Language Processing (NLP) and formal methods.

November 5 & 6

Josep Carmona josep@processtalks.com

Spinoff

Virmedex Virtual Experiences

wirmedex.com

Innovation meets the future of healthcare learning. Virmedex stand at the intersection of interactive gaming, immersive virtual reality, and AI, shaping the next generation of healthcare heroes.

November 5 & 6

Micaela Bagnati

micaela.bagnati@virmedex.com

UPC Conference Agenda | Pitching Sessions

November 4

12 - 12:30 p.m.Next Frontier Founders

From technological vision to capital

13 - 14 p.m.

UPC Startups & Spinoffs Batch #1

Biyiud Kreios Space
BrainFocus Mapsi Photonics
Datlantis MEETOPTICS

Folgrid Technologies Mesai
Haptika Medical Technology TECHWICH

November 5

12 - 12:30 p.m.

De la Ciència al Mercat

Bring your thesis to the market

13 - 14 p.m.

UPC Startups & Spinoffs Batch #2

Biyiud MICA ECO Datlantis Muvity

Geoskop S.L. NIMBLE Diagnostics
Hypergraph Process Talks

KUSA Cybersecurity Virmedex Virtual Experiences
