Contact: eva.vendrell@upc.edu

Made with Dall-e:
"collaborative teams in action having fun drawing style"

Presentation

Working on collaborative teams is a training course aimed to empower efficient and enriching collaboration among teams, groups and organizations. With a very hands-on approach, participants will learn the value of collaboration, the processes that lead it, and the basic tools and methodologies to enhance it.

Who is it for?

Academic and non academic staff at universities. Two places will be reserved for each partner of the Unite! alliance.

Course Content:

- Fundamentals of collaboration: WHY and WHO (purpose and team)
- Collaboration in multicultural environments
- The processes: WHAT and HOW (tools and results)
- Evolving: prototyping, communication and feedback
- Reflecting: wrap-up and conclusions

Social programme:

A social programme will be offered to participants, to be confirmed and depending on the number of participants.

Accommodation and traveling

Accommodation and traveling is not provided by the organization of the course. Traveling and accommodation costs will be covered by the participants, although the activity is eligible for Erasmus + funding. Please contact the Erasmus+ or International Coordinator in your institution for information about grant applications.
