GRADING SYSTEM

The assessment will consist in:
- Final assessment for MODULE 1; 15%, splitted into at least 4 online questionnaires
- Continuous assessment of MODULE 2; 35% of the final course evaluation, splitted into at least 8 in-class assessment activities.
- Final assessment of MODULE 3; 50% of the final course evaluation, splitted into four concepts (18% preliminary group deliverables, 6,5% group presentation; 6,5% group documents, 18% individual work inside the group)

For those students who meet the requirements and submit to the reevaluation examination, the grade of the reevaluation exam will replace the grades of all the on-site written evaluation acts (tests, midterm and final exams) and the grades obtained during the course for lab practices, works, projects and presentations will be kept.

If the final grade after reevaluation is lower than 5.0, it will replace the initial one only if it is higher. If the final grade after reevaluation is greater or equal to 5.0, the final grade of the subject will be pass 5.0.
