**Full-or-part-time:** 12h
- Theory classes: 5h
- Self study: 7h

Description:
Maritime Insurance. Spanish Policies and ILU London Clauses. Hulls and MACHINARY INSURANCE

Related competencies:
CE17. Knowledge, use and application to ship the principles of the laws and regulations marina.
CE11. Knowledge, use and application of the ship from the principles of safety and security of the ship, fire fighting and survival, preventing and combating pollution.

Full-or-part-time: 13h
Theory classes: 6h
Self study: 7h

Description:
Theoretical and practical knowledge of customs formalities in the import and export of goods.

Related competencies:
CE17. Knowledge, use and application to ship the principles of the laws and regulations marina.
CE11. Knowledge, use and application of the ship from the principles of safety and security of the ship, fire fighting and survival, preventing and combating pollution.

Full-or-part-time: 13h
Theory classes: 6h
Self study: 7h

Issue 5- Shipping market functioning, segments and choice of the target. Competitors knowledge and SWOT analysis.

Description:
Description of the shipping market: segments and traffics. Business objectives. Analytical instruments

Related competencies:
CE17. Knowledge, use and application to ship the principles of the laws and regulations marina.
CE11. Knowledge, use and application of the ship from the principles of safety and security of the ship, fire fighting and survival, preventing and combating pollution.

Full-or-part-time: 15h 20m
Theory classes: 6h
Practical classes: 3h
Guided activities: 3h 20m
Self study: 3h
### Issue 6- Strategies, objectives, goals and measures in the shipping business.

**Description:**
Business strategies in the maritime business.

**Related competencies:**
- CE17. Knowledge, use and application to ship the principles of the laws and regulations marina.
- CE11. Knowledge, use and application of the ship from the principles of safety and security of the ship, fire fighting and survival, preventing and combating pollution.

**Full-or-part-time:** 13h  
Theory classes: 6h  
Self study: 7h

### Issue 7- The stages of Business Development implementation in shipping companies: analysis, diagnosis, planning, organization, implementation and control of shipping business processes.

**Description:**
Knowledge of the stages of Business Development implementation in shipping companies: analysis, diagnosis, planning, organization, implementation and control of shipping business processes.

**Related competencies:**
- CE17. Knowledge, use and application to ship the principles of the laws and regulations marina.
- CE11. Knowledge, use and application of the ship from the principles of safety and security of the ship, fire fighting and survival, preventing and combating pollution.

**Full-or-part-time:** 13h  
Theory classes: 6h  
Self study: 7h

### Issue 8- The 8P's of the shipping marketing mix

**Description:**
Commercial Keys of Shipping Business

**Related competencies:**
- CE17. Knowledge, use and application to ship the principles of the laws and regulations marina.
- CE11. Knowledge, use and application of the ship from the principles of safety and security of the ship, fire fighting and survival, preventing and combating pollution.

**Full-or-part-time:** 13h  
Theory classes: 6h  
Self study: 7h
GRADING SYSTEM

Short-term test for continuous assessment (40%)
Final Test (60%)
The final mark is the sum of the following partial qualifications:
Final mark = 0.60 Npf + 0.40 Nac
Reevaluation: general overall exam in one week after (estimated)
Npf: final test mark
Nac: continuous evaluation mark

EXAMINATION RULES.

The professor can moderate the note by the presentation of partial works.
