01 EIN. ENTREPRENEURSHIP AND INNOVATION: Knowing about and understanding how businesses are run and the sciences that govern their activity. Having the ability to understand labor laws and how planning, industrial and marketing strategies, quality and profits relate to each other.
03 TLG. THIRD LANGUAGE. Learning a third language, preferably English, to a degree of oral and written fluency that fits in with the future needs of the graduates of each course.
TEACHING METHODOLOGY

The methodology will follow three principles that we consider essential:
- Management by (real) consulting projects (Learning by doing), of public or private organizations, we consider basic learning based on experiences.
- The teacher will be a guide and / or mentor of the student in driving towards knowledge, the student will be an active part in the learning process.
- It is a subject, experiential, interactive and self-managed by students and teachers.

The course will be hybrid, integrating the classroom and online modality, with continuous interaction between students and teacher.

LEARNING OBJECTIVES OF THE SUBJECT

The objective of the course is to show and guide the student in the change of current paradigms in the management of companies in the field of construction, where we will work on the following aspects:

* Strategic management instruments
* New types of leadership.
* New business paradigms
