Planning of activities

A1. EVALUATION OF THE LEARNING PROCESS	Hours: 40h Theory classes: 40h
A2. EVALUATION FOR ACCREDITATION	Hours: 4h Theory classes: 4h

Qualification system

The training activities of knowledge acquisition and related to the control of the learning process of the student will be evaluated with the support of the platform SoRAP and will assume 9% of the final grade of the subject. The assessment evaluation activities will be solved in two evaluation acts that will be planned by the School within the periods of partial evaluation and final evaluation, respectively. These accrediting evaluation activities will take the form of written exercises, their results will correspond to 91% of the final grade of the subject and will be reevaluable (during the reevaluation period) according to what is specified in the academic regulations of the Degree studies.
