There are no requisites to take this course

TEACHING METHODOLOGY

- 

LEARNING OBJECTIVES OF THE SUBJECT

To dialogue about career opportunities and the vision of success. To create a space to think about different career opportunities and understand how passion and happiness can affect them. To provide the grounds to build a successful career path on Academia, Industry or the Startup scene. The objective of this course is not only to help students find their passions and career but also to help them obtain the tools to be able to realize them.
