**Description:**

Qualification system

The final mark is the result of the following assessment activities:

\[ N_{final} = 0.5 \times N_{pf} + 0.3 \times N_{ac} + 0.2 \times N_{ti} \]

\( N_{final} \): final mark
\( N_{pf} \): final exam
\( N_{ac} \): continuous assessment
\( N_{ti} \): assignments and reports

The final exam consists of questions associated to the course learning objectives, concerning knowledge or comprehension, and of practical and applied tasks. The continuous assessment consists of different brief activities and tests carried out during the course. The assignments and reports can be individual or cooperative activities, which could be carried out inside the classroom or as homework.
Regulations for carrying out activities

If any of the classroom tasks or continuous assessment tasks is not carried out, the task will not be marked. A student will receive the final mark of “Absent” if he/she does not carry out at least a 70% of the course assessment activities.
