Study load

| Total learning time: 45h | Hours large group: | 45h | 100.00% |
The final mark is the result of the following assessment activities:

$$N_{final} = 0.3 \cdot N_{tf} + 0.20 \cdot N_{ti} + 0.20 \cdot N_{po} + 0.30 \cdot N_{ac}$$

- $N_{final}$: final mark
- $N_{tf}$: final assignment
- $N_{ac}$: continuous assessment
- $N_{ti}$: assignments and reports
- $N_{po}$: oral presentation

The final assignment consists of questions associated to the course learning objectives, concerning knowledge or comprehension, and of practical and applied tasks with long answers.

The continuous assessment consists of different brief activities and tasks carried out during the course. This type of assessment also includes tests.

The assignments and reports can be individual or cooperative activities, which could be carried out inside the classroom or as homework. These assignments include an oral presentation.
Regulations for carrying out activities

If any of the classroom tasks or continuous assessment tasks is not carried out, the task will not be marked. A student will receive the final mark of “Absent” if he/she does not carry out at least a 70% of the course assessment activities.
