Apply for a place on a master's degree at the UPC

To apply for a place on a master's degree at the UPC, follow these steps:

1. Check the official master's degree course details on the UPC website: www.upc.edu/en/masters

2. Click on the pre-enrolment date you are interested in and find a link to the application form.

3. Complete the application form with your personal details, academic record, language certificates, and any other required documents.

4. Submit your application before the pre-enrolment date.

5. If you have been admitted, you must accept the place within the specified time frame.

6. Once you have been informed that you have submitted your application, you will receive an e-mail on the date specified.

7. You will receive an e-mail to confirm your acceptance, informing you of whether your application has been successful.

8. If you have been successful, you will need to submit the required documents and then pay the enrolment fee.

9. The enrolment fee is applied to all students, no matter their country of origin.

10. If you are an EU national, you can apply for a student visa specifying the duration of your course of study in Spain.

11. If the duration of your course of study in Spain is less than six months, you will not be allowed to extend your stay. If the duration is more than six months, the embassy may issue a student visa specifying the duration of your course of study in Spain.

12. If you are a non-EU national, you must apply for a student visa at the Spanish embassy in your home country before travelling.

### Access requirements

- Holders of a Spanish official university qualification or an official university qualification from another country.
- Holders of a qualification issued by a university in a country that does not belong to the EHEA but that has, by a homologation procedure, been deemed to be equivalent to a Spanish qualification that qualifies the holder for admission to a master's degree, who have completed a course of study that corresponds to a level of education equivalent to an official Spanish master's degree and that the qualification obtained has not been homologated, the UPC will verify that the qualification has the required specifications for admission to a master's degree course.
- Applicants must meet the specific conditions that may include specific access qualifications, language proficiency requirements, and other specific conditions as specified in the master's degree requirements.

### Fees, grants and financial aid

For the 2020-2021 academic year, fees did not exceed €600. Grants and financial aid are also available, with eligibility based on merit and other criteria.

### Specific conditions for holders of an official university qualification

- holders of an official university qualification other than admission to the master's degree. The master's degree requisites may be waived in such cases.

### Selection process

The selection process may also include an examination and other criteria deemed relevant.

## MASTER'S DEGREES

### www.upc.edu/en/masters

**Access requirements**

- Individual Bachelor's degree and a specific qualification on offer via dual degrees or +2-3 agreements.
- Admission to master's programmes is subject to the reservation of seats, which will be assigned based on the criteria determined for each programme and the number of seats available.

**Programme information**

Programmes must be consulted from the staff member responsible for their administration. Access requirements, qualification requirements, program contents and scientific-technical characteristics are subject to change at any time of the year.

**Pre-enrolment**

The recommendation is to ensure personal rights to enrolment via the University's Student Services prior to starting your studies.

**Fees, grants and financial aid**

Programmes include specific information on fees, grants, scholarships, and financial aid.

**Language**

English is the official language of instruction. Some programmes may also use the native languages of Catalonia and Spain, in which case a number of specific requirements apply.
