## EXAMINATION RULES.

---

The evaluation of the practices does not only involve the resolution of the proposed exercises and projects, but also the defense of the results when the student is required to do so at the beginning of classes.

Any incident that does not allow to solve the practices in the indicated period will be communicated to the corresponding teacher by the Campus Virtual. After this communication, the relevance or not of the causes that motivate the non-presentation of the exercise will be solved and the alternatives will be established to complete the evaluation if the causes are justified. The causes of non-presentation of exercises that are communicated to the teaching staff by the Head of Studies will also be considered justified.

### Exams

The exams are done by electronic document that the student must complete.

The questions and problems proposed in the exams refer to both the theoretical content of the subject and the exercises solved in the different practices.

Reviews and / or claims regarding the exams will be done exclusively at the dates and times established in the Calendari Acadèmic.
