Bachelor's degree in Multimedia Studies

The bachelor’s degree in Multimedia Studies will provide you with the skills to design audiovisual content and develop multimedia applications through a combination of creativity and the latest technologies. This cross-disciplinary degree course covers the fields of artistic creation, entertainment and communication in the context of the interactive digital content industry. The curriculum has been designed for students to acquire skills related to design, technology, tools and methodologies for multimedia production. You will specialise in 2D and 3D digital content creation, video, post production, usability and graphic interfaces. You will also learn to implement web solutions, mobile applications and interactive virtual environments. You will put the knowledge that you acquire into practice in individual work and in multidisciplinary teams, and you will have the opportunity to get to know the wide range of possibilities offered by the multimedia business sector.

GENERAL DETAILS

Duration
4 years

Study load
240 ECTS credits (including the bachelor's thesis). One credit is equivalent to a study load of 25-30 hours.

Delivery
Face-to-face

Fees and grants
€6360 (academic year)

Consult the public fees system based on income (grants and payment options).

Official degree
Recorded in the Ministry of Education's degree register

ADMISSION

Places
40

Registration and enrolment
What are the requirements to enrol in a bachelor's degree course?

Legalisation of foreign documents
All documents issued in non-EU countries must be legalised and bear the corresponding apostille.

PROFESSIONAL OPPORTUNITIES

Professional opportunities
- Web and application development
- Audiovisual production and post-production
- Multimedia application programming
- Interactive virtual environment programming
- Video game design
- UI/UX design
- 3D design
• 2D and 3D animation for video games and digital content
• Audiovisual content design and management for project marketing and communication
• Video editing and production for film and television

ORGANISATION

Academic calendar
  General academic calendar for bachelor’s, master’s and doctoral degrees courses

Academic regulations
  Academic regulations for bachelor’s degree courses at the UPC

Language certification and credit recognition
  Queries about language courses and certification
