# Master's degree in Quantum Science and Technology

The **master's degree in Quantum Science and Technology** ([master's degree website](#)), which is coordinated by the University of Barcelona (UB) with the participation of the UPC, provides students with advanced knowledge, equipping them to conduct cutting-edge theoretical and experimental research in quantum simulation, quantum computing, quantum sensors and quantum communications, as well as purely theoretical research.

The degree also benefits from the participation of the Universitat Autònoma de Barcelona, the Institute of Photonic Sciences, the Barcelona Supercomputing Center, the Institute for High Energy Physics and the Catalan Institute of Nanoscience and Nanotechnology.
