No smoking or open flames.
Are you familiar with these signs? They provide useful information

**Emergency exit with alarm**
This sign indicates an emergency exit connected to an alarm or video-surveillance system.

*Only* to use this exit in the event of an evacuation.

**Dead end**
This sign indicates that the door does not lead to an evacuation route.

**Emergency exit**
This sign reminds people not to place or store materials in front of an emergency exit. It is important to keep *transit areas free of obstacles*.

**No parking in front of an emergency exit**
This sign may be associated with yellow lines painted on the ground to indicate the area where parking is not allowed.
Remember these recommendations!

When an evacuation is announced over the PA system, make your way to the closest regular or emergency exit by following the evacuation signs.

Keep emergency signs visible and in good condition at all times.

Do not cover or move them.
