

Student video contest

Share a day in your university life and win a trip to Lisbon!

Unite!'s Multilingual & Multicultural Training Centre is hosting a student video contest to promote our cultural diversity and our common values.

Context

Your short film will be shown as an example of common and uncommon students' life from Unite!'s nine partner institutions. It should highlight your personal life and student habits, and make other universities' students interested in the diversity that is Unite!

Guidelines

Participation

Only 1 submission per student, submissions are individual. The contest is open to all students at Unite! universities (i.e., undergraduates, graduates, doctoral, local, international, exchange, etc).

Students sign up for the contest when submitting their video on the Metacampus. Participation is confirmed upon the participant's acceptance of the rules and a declaration of consent granting the rights of use to Unite! This is done by checking a box on the entry form.

Frame

The video should be presented as one (1) day, from waking up to going to bed. It should show a full day of a student's academic life. Include both what you see as very typical for your location (campus, city, country), and as very typical for you as an individual.

Examples of what you might like to show:

- Your home/student room,
- Life on campus (going to a lecture, the library, interacting with students & teachers, studying)
- Getting to or from the University and moving around the city,
- A trip to the supermarket or a meal,
- Your sports/leisure activities,
- Where and how you spend time with your friends.
