<https://www.upc.edu/sri/en/students/students-mobility-office/unitech/unitech-outgoing>
- + Details of partner (host) universities
 - see “UNITECH Programme Handbook”,
[in the UNITECH website](#)

The Structure

Credits structure

Lenght. Duration

- El programa UNITECH requereix una estada acadèmica i una estada de pràctiques (no és un "o", sinó un "and" lògic); i per tant la durada mínima del programa és d'un any o un any i mig (no un semestre).
- Segons el nivell de l'estudiant i possibles reconeixements a aplicar en el seu centre d'origen respecte a les estades realitzades, la realització del programa UNITECH podria obligar a que un estudiant allargui i retardi el seu moment de titulació inicialment previst.
 - La normativa del programa UNITECH requereix que els participants es titulin del programa en el termini màxim de dos anys.

Application deadline

Application-1 (and selection of candidates)

Phases:

1	Online (Through the UNITECH website, not in e-secretaria!!)	All (Usually there were between 35 and 55 candidates)	Before 11/01/2021
2	Pre-selection (with the online application and documents submitted)	Maximum 15 candidates are pre-selected for the AC	Around 10/02/2020
3	Assessment Centre (AC) (Done by companies of the UNITECH group)	15 candidates attending, maximum 8-10 selected	On 18/02/2020

At the same time you could also apply

! to other exchange programs/destinations of your UPC school.

■ (Check details with International Relations at your UPC school.)

Application-3

You have to prepare a proposal, with the list of subjects that you want to make at the host university (you have to indicate 3 choices).

- ✓ Check the UNITECH Programme Handbook
- ✓ Check the websites of the universities
- ✓ Attention: there are some destinations forbidden for students of some UPC programs.
