7. Plan of Studies
Indicate the main aspects of your study plan at the home HEI.

*** Degree currently being attended at the home HEI:**
Undergraduate
*** Start date of the degree:**
09/2011 (month/year)
*** Current year of studies:**
4
*** Work field:**
11 - Mathematics, informatics
11.3 - Informatics, Computer Science
*** Duration of the Requested Scholarship:** (Number of months)
6

8. Host Universities you apply to
Please prioritise the HEIs you are applying to.

*** Field of study of the project you intend to develop at the host Institution:**
11 - Mathematics, informatics
11.3 - Informatics, Computer Science

*** Official Name of your first host Institution priority:**
RUN - Radboud University Nijmegen
*** Country:**
Netherlands
*** Official name of the course you intend to attend at the host institution selected as first priority:**
Computing Science

Official Name of your second host Institution priority:
UPC - Polytechnic University of Catalonia
Country:
Spain
Official name of the course you intend to attend at the host institution selected as second priority:
Master in Innovation and Research in Informatics

9. Motivation and Added Value
*** Describe briefly what you consider to be the added value of an international experience in your training process and the development of your future professional activity.**
(Max. 1000 characters)

I strongly believe that theoretical knowledge must be applicable to real life. Becoming a high-level specialist who will contribute to social and scientific development is my main aim.
After having obtained my Master's degree in Computing Science I would like to work in the area of Search engines. Thus I am willing to take study about Data Science as a basis for my Master's thesis. Now my plan is to focus on learning more about Bayesian Networks and Machine Learning. It is this that prompts me to apply for Radboud University Nijmegen which provides a great chance to enhance my academic skills in these fields.
Apart from facilitating my professional growth, participation in the Eranet Plus program will definitely help me to learn how to adapt to a new cultural environment and make new friends in another country. I have no doubts that my academic progress and foreign experience could bring me benefit on my return.
