

Authorization of stay for students. Mobility inside the European Union.

Who has to make this procedure?

This procedure is addressed to **non-EU students arriving to Spain from another European Union country and coming without the necessary student visa.**

With this procedure, non-EU students that were studying in another European Union country during the last semester can enter in Spain by means of the student card of that country; **and, once in Spain, apply for the Spanish stay for studies permit.**

If it's possible, it is better that you (the student) arrive in Spain with a Spanish student visa, because:

- The visa is a strong legal title by means of which your stay is legal from your arrival in Spain;
- When you come with a student visa, you must do a procedure here that is simple and easy (the students that come with a Spanish student visa until 6 months don't even have to do this procedure when they arrive); whereas the application for this permit (the Spanish student permit for mobility inside the European Union) takes some months.

If the student cannot obtain a Spanish student visa, he/she must take into account that, in order to ask for this permit from Spain, he/she must have **a proof of the date of his/her entry in Spain.** As the student usually comes from another European Union country, this is not easy; because in the airport the passport is not stamped.

In the list of documents to gather, you will find the explanation about some ways to prove your date of entry in Spain (in the next pages of this document, see number 3 in the list of documents).

When do I have to make this procedure? **Period to provide the documents.**

You have to start this procedure **during the first month of your stay in Spain.**

In case you do not have all the documents during this period, do not worry; you can provide the lacking ones later.

However, **if you try to begin the procedure later (not in the first month of your stay), your documents will be rejected; and then you will have no possibilities of obtaining this legal permit for your stay.**

How to present the documents and where? **Brief description of the steps.**

You should deliver the documents, in person, in the following address:

Subdelegación del Gobierno en Barcelona

Calle Murcia, nº 42

Oficina de Mobilitat Internacional d'Estudiants

08027 Barcelona

Working hours: from Monday to Friday, from 9am to 14pm (without an appointment)

There you will be told if there is one or more documents lacking and they will give you a document stating that. From then on (and if the period has not changed lately) you will have 30 days to submit it/them.

We strongly recommend you that, **in case any document/s is/are required to you**, when you have it/them prepared, **come to the OMI and show them to us**. We'll check that everything is well and if the documents can be accepted by the Spanish authorities. Please take into account that you only have one chance to submit these documents. When you submit them, they will decide according to them and your application could be definitively denied if the required documents are not accepted.

Once all your documents are accepted by the Spanish authorities, they will perform **an inner procedure** that takes some weeks. After this inner procedure ends:

- a) If you had asked for a student permit for a six months stay:
You will receive a document in the address indicated in your permit application (usually your home address here in Spain). This document will be your permit to stay in Spain, for a stay for studies. The period of validity would be the period you had asked for; with a maximum of 6 months.
- b) If you had asked for a student permit for a stay of one year:
Then you will have to apply for the TIE card. At the OMI office we will inform you how to do it.

How can the International Students Office of UPC help me to do this procedure?

In this Office we can check the documents you have at the beginning of the procedure and tell you which documents could be accepted and which ones wouldn't. We can also indicate you when do you have to submit them (always within the first 30 days after you entry in Spain anyway).

Later, when the Spanish authorities would have requested some more documents to you, we can assess you about them and, when you have them ready, check them before you send them.

After all this and when the inner procedure referred in the previous epigraph had ended, you will receive the permit at your address.

Which documents do I need to make this procedure? List of documents to gather.

Below you will find the detail of the documents to gather, in order to apply (during the first month of your stay in Spain) for your Spanish stay for students permit due to a mobility stay inside the European Union.

As you will see, some documents must be provided independently of the length of your stay for studies in Spain. But the two last documents are requested only if this stay is for more than 6 months.

Oficina de Mobilitat Internacional d'Estudiants

Your school or department in UPC has to provide you a letter indicating the length of your stay for studies at UPC. The Spanish authorities will decide with this document, if your permit must be for 6 months, or for one year.

<p>2. Complete passport</p>	<p>Important: Your passport must be valid and remain valid during the whole period for which you are applying for the stay for students permit.</p> <p>You must take photocopies of <u>all</u> pages of the passport; even the ones that are completely void.</p>
<p>3. Proof of the date of your entry in Spain</p>	<p>The majority of students that arrive in Spain after studying in another European Union country are coming from that European Union country. So their passport does not contain the stamp that evidences the date of their entry in Spain. In case you had travelled from a country outside the European Union, you will have that stamp. In this case, a copy of that page is the proof.</p> <p>Other accepted ways of proving your date of entry in Spain are:</p> <ul style="list-style-type: none">a) A statement of entry, done in the police office of the Spanish airport where you had arrived (if you came by plane)b) A statement of entry, issued during the first 72 hours after your arrival. This can be done, in Barcelona:<ul style="list-style-type: none">- At the “Brigada Provincial de Extranjería y Fronteras de Barcelona”, located in the Passeig de Sant Joan nº 189, in Barcelona (timetable: from 9h to 14h, from Monday to Friday).c) If you cannot obtain a statement of entry during the first 72 hours after your arrival, you must bring some document that proves the date of your entry in Spain: your boarding pass, your validated ticket of train or bus, etc. The travel ticket should be translated into Spanish by an Official Translator (see information about it in the section 5 of this information).
<p>4. Economic means</p>	<p><i>The student must show a proof of having economic means enough to cover the expenses of his/her stay in Spain, according to the basis of the IPREM (Indicador Público de Renta de Efectos Múltiples) that is now of 537,84€ per month.</i></p> <p>Different ways to evidence that the student has enough economic means:</p> <p>-Option 1: A statement of an account of a Spanish bank or a Spanish Savings Bank (accounts in banks outside Spain won't be accepted), with a stamp from the Entity. It must contain your name as a holder of the account; and the final balance of the statement must be, at least, the amount required per month (that is 537,84€) multiplied by the number of months you will remain in Spain (from the date that you submit the first documents).</p> <p>-Option 2: The evidence of being in possession of a scholarship, official and recognized by the European Union. The document should be legalised (by means of The Hague Convention apostille, if the country that issued the document had signed The Hague Convention; otherwise the legalisation should be done by the Spanish Embassy or Consulate) . It must specify the amount to receive in Euros (that must be, at least, of 537,84€ per month). In case the original document is not in Spanish (or Catalan), you will have to ask for an official translation (“Traductor Jurado”).</p> <p>- Option 3: Scholarship or a financial assistance from your family in your origin country. The document must be done in front of a notary and it must state that the amount per month (that should be equal or higher than 537,84€) will be monthly sent, in which way (by means of a bank transfer, for instance) and during which period (from February 2018 to December 2018, for example). The document must also be legalised at the origin country, by means of the Apostille</p>

Oficina de Mobilitat Internacional d'Estudiants

<p>4. Economic means (continues)</p>	<p>of The Hague (if the origin country had signed The Hague Agreement) or by the Spanish Embassy at the origin country. In case it was not written in Spanish or Catalan, you should also make it translate by an Official Translator ("Traductor Jurado").</p> <p>-Option 4: If your school or department at UPC issues a letter in Spanish stating that you have a scholarship (maybe from the European Union, in case you are an Erasmus Mundus student, for instance) and including the monthly amount to receive, together with the period of the scholarship, the Spanish authorities will accept it. If this is your case, please ask in your school about the possibility of issuing this letter for you.</p>
<p>5. A public or private health insurance, covering the possible medical expenses and risks, if it is the case, usually covered to Spanish citizens.</p>	<p>-In case you are an Erasmus Mundus student and your Erasmus Mundus scholarship provides you a health insurance, you can present the document of the insurance. However in case it is not issued in Spanish or Catalan, you should make it translate by an Official Translator ("Traductor Jurado"). If your school or department at UPC issues a letter in Spanish or Catalan saying that you will have this medical insurance during the period you will be in Spain, the Spanish authorities will also accept it. The letter must also state the coverage of said insurance.</p> <p>- In case you have a private health insurance: Updated certificate stating that you have a medical insurance, issued by the insurance company (in Catalan or Spanish).</p> <p>This certificate must include the following information (all items, in order the insurance can be accepted):</p> <ol style="list-style-type: none">1. Data of the insured person2. Period of coverage (it is, start and end date of the contracted insurance).3. Coverage of the insurance policy: it must offer similar coverages to the ones offered by the Spanish Public Health System. So the insurance should cover the medical general assistance and the specialized one, hospitalization, surgical interventions, etc.4. Waiting periods to use some specific coverages. For basic services (like hospitalization, surgical interventions, etc), only a waiting period of six months as a maximum will be accepted. Moreover the insurance should include a clause stating that this waiting period will not be applied in cases of "accident or life-threatening emergency".5. Maximum economic limitations referring to any of the coverages (expressed in Euros). In case that any of the coverages has a limitation, this one should be, at least, of 100.000€.6. Existence of copayments. Copayments superior to 10€ will not be accepted.7. The certificate must clearly state that the policy holder of the insurance is, at that moment, up-to-date with the payment of the fees of the insurance. <p>You can contract any insurance at your convenience, with any company.</p> <p>A good option would be the health insurance of the company OnCampus estudia, that has an agreement with UPC. You can find information about this insurance at the link: http://oncampus.es/en/seguros/oncampus-estudia/</p> <p>If the insurance was issued in another country (not Spain), it has to be legalized. For this, you will have to make that they stamp it at the consulate of your country in Spain (or, at the Spanish Consulate in your country).</p>

5. Health insurance (continues)	<p>If the health insurance is not issued in Spanish language, you will have to ask for an official translation (“traductor jurado”; if you need information about it, please ask at OMI.)</p> <p>In the following link is the list of official translators from the different languages to Spanish: http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/Paginas/Traductoresas---Int%c3%a9rpretes-Juradosas.aspx</p> <p>You should look at the last updating (the file that indicates: “Listado Actualizado”).</p>
6. Document indicating your admission as a student in another European Union country.	<p>The document that the Spanish authorities accepts as a proof of this is the stay for studies card given to you by the Government of the country of the European Union where you were studying before entering in Spain during the last semester. (EU student card of the country where you were.) The card needed is the one that covers the period of (at least) the last semester before entering Spain.</p> <p>If your stay there was only for 6 months, maybe the document can be a student visa in your passport.</p> <p>In the International Students Office we will tell you which document is required in every case.</p>
7. Document showing your admission and registration in UPC	<p>On the one hand, a letter from your school or department of UPC, in Spanish, is required. It can be issued after your arrival in Spain, or it can also be the admission letter sent to you some months ago, if it includes all the information needed; that is:</p> <ul style="list-style-type: none">- Your complete name and passport number;- The details of your programme (for instance, if you are a Erasmus Mundus student, a summary of your programme, indicating the countries and universities where you studied previously, or where you are going to study after your stay in Spain, to complete the programme);- The period in which you are going to study in UPC;- If it's possible, the school or department should indicate the scholarship you have (if it is so), the monthly amount you will receive and, in case the scholarship includes a health insurance, its details (period and coverage). If this letter can include all this information, you will not need to provide other documents. <p>On the other hand, you must also provide your registration in UPC for the current semester or academic year (course 2018/2019); with a stamp from the Academic Office of your school.</p>
ADDITIONAL DOCUMENTS	<p>Students staying in UPC up to six months do not have to submit any other documents.</p> <p>Students that are going to be in UPC <u>for one year or more must also submit the following documents:</u></p>
8. Medical Certificate	<p>In case you obtained it in the country where you were studying previously, you must take into account that:</p> <ul style="list-style-type: none">- It will only be accepted if it was issued during the last 6 months;- If it was not issued in Spanish or Catalan, you should ask for an Official Translation (“Traductor Jurado”). <p>This document must specify that the student does not suffer from any of the diseases that can have important effects in public health, according to the International Sanitary Regulation of 2005.</p> <p>In order to obtain the medical certificate, you can address yourself to:</p>
