

EXTENSION OF THE SPANISH STUDENT VISA FOR SIX MONTHS

Introduction

The Spanish student visa for six months is not meant to be extended. However the Subdelegación del Gobierno in Barcelona (the Spanish authorities in Barcelona that deal with this kind of procedures) at present accept the application to extend the six months student visa, as it is explained in this instruction. However this possibility can be withdrawn by the Spanish authorities at any moment.

Who should do this procedure?

The student himself/herself should do this procedure.

When can I do this procedure?

The student can do this procedure during the last 60 days in which his/her visa is valid.

Where can I do the procedure?

You can begin this procedure in two different ways:

- a) Sending your documents electronically by means of the following web from the *Ministerio de Hacienda y Administraciones Públicas*:

<https://sede.administracionespublicas.gob.es/procedimientos/index/categoria/34>

To do that, you should have a digital individual certificate (if you are interested, we can give you more information at OMI)

- b) Taking your documents to the General Register of the *Subdelegación del Gobierno in Barcelona* in the following address:

Registro General de la Delegación del Gobierno en Cataluña
C / Bergara, 12

Office hours: from Monday to Friday, from 9h to 17:30h. On Saturdays, from 9h to 14h.

Summer office hours: (from June 16h to September 15th) : from Monday to Friday, from 8h to 15h. On Saturdays, from 9h to 14h.

IMPORTANT: At present, and due to the safety measures for the COVID-19, the attention is only with an appointment. You must ask for it by writing to the following address: : REGISTROEXTRANJERIAOAMR-dg.cat@correo.gob.es

How can I do this procedure?

The procedure has to be done as follows:

The student must begin the procedure **during the last 60 days** in which his/her student visa for 6 months is valid.

During this period, he/she should send his/her documents by means of one of the ways indicated in the previous epigraph (*Where can I do the procedure?*). When the student begins the procedure (by means of an individual digital certificate or by submitting the documents at the Register), he/she will receive a receipt of the procedure. The student must keep this receipt until the end of the procedure.

After some weeks, the student will receive at his address in Barcelona the answer from the Spanish authorities. It can be:

- In case all documents have been accepted, the concession of the permit. In this document it will be stated if the student should ask for a TIE card or not, depending on the period of renewal that is conceded.

Oficina de Mobilitat Internacional d'Estudiants

- In case the Spanish authorities require some documents to the student, he/she will receive the letter of request. The document will state the period that the student have to submit the required documents. If they are not submitted during this period, the Spanish authorities will close your files and the possibility of extending the visa will disappear.

How can the International Students Office of UPC help me to do this procedure?

- We will solve your possible doubts about the documents to be submitted.
- When you've gathered the documents to be submitted, you can take them to the OMI to be checked. If we see that you could have problems with some of them, we will tell you in order you ask for a better option.
- If, after you've submitted the initial documents to the Spanish authorities, **you receive a request for other documents, you can also take it to OMI.** Here we'll try to clarify which kind of document/s are the Spanish authorities asking you to submit and which would be the best options for them, taking into account your situation.
- Once you receive the permit at your address, we can also explain you how to continue the procedure (if needed).
- During the whole process, we'll be at your disposal to try to solve your doubts.

Which documents should I deliver to begin the procedure?

At present the documents required by the Spanish authorities to extend the student visa for six months are:

- On the one hand, the same documents required to extend a TIE card, and
- On the other hand, some of the documents required to obtain a Spanish student visa for one year

List of required documents:

In case there exist an agreement between UPC and the paying entity (MESCYT, CONACYT, CSC, PRONABEC, MARA, etc.), the student should ask a letter to the Academic Management Service of UPC ("Servicio de Gestión Académica"). This letter will state that your registration is paid by the entity that grants you the scholarship.

<p>3. Registration at UPC (continues)</p>	<p>Only for master students that are writing the final work of his master and doesn't need to do a new registration for it:</p> <p>You can submit a letter from the school or department of UPC where you are studying that states that, due to the date in which with all probability you are going to present the final work (this date must be stated in the letter), you do not need to do a new registration.</p>
<p>4. Economic means:</p>	<p>According to the Spanish authorities, you can use any and only one of the 5 options described below to justify that you have economic means enough to live in Spain. However they will not accept other options than the ones detailed as follows:</p> <p>Option 1: A statement of an account of a Spanish Bank or an Spanish Savings Bank showing the deposits and withdrawals of the last 6 months with a stamp from the Entity. It must contain your name as a holder of the account and the final balance of the statement must be at least of 3.389,40 € (and the average amount of the credits you receive must be equal or greater than 564,90 €/month, the minimum professional salary "IPREM" per month).</p> <p><i>Explanation about this option 1: This option has 2 conditions:</i></p> <ul style="list-style-type: none">a) That the sum of all amounts received in your account during the last 6 months, divided by six, gives an amount of at least 564,90€.b) That, in addition to the previous requirement, the final balance of the statement of your account is, of at least 3.389,40€. <p><i>The date of issuance of your bank account statement cannot be older than 10 days before the submission of the documents to the legal authorities.</i></p> <p><i>If you are going to renew for a period of less than one year, the condition a) remains as it is but the condition b) turns into:</i></p> <ul style="list-style-type: none">b) That, in addition to the other requirement, the final balance of the statement of your account is 564,90€ multiplied by the number of months for which the renewal is asked. <p>Option 2: A statement of an account in a Spanish Bank or a Spanish Savings Bank, with a stamp from the Entity. This statement must show your name as the holder of the account and a minimum current credit balance of 6.778,80 €.</p> <p>If you are going to renew the student's permit for less than one year, the final balance should be of 564,90€ multiplied by the number of months which the renewal is asked for (564,90€ x N).</p> <p>Option 3: Certification of having a scholarship or grant. It must indicate the amount of the scholarship (stated in Euros) and the length of it. In case the certificate was issued outside Spain, together with the corresponding legalization (and translation in case it had been issued in a language that is neither Spanish nor Catalan).</p> <p>Option 4: Financial assistance from a relative of yours that lives outside Spain. Updated document issued in front of a notary, duly legalized (and officially translated if it had been issued in a language that is not Spanish or Catalan). It must indicate the amount sent to the student in Euros, the period during which it will be sent, and the way in which the amount will be received in Spain.</p> <p>The document must state the amount that will be sent (that should be higher than 564,90€ per month), with which frequency (for instance, "from February 2021 to December 2021"), and in which way (for example, "by means of a bank transfer"). The document must also be</p>

<p>4.. Economic means (continues)</p>	<p>legalised at the origin country. It is, with the Apostille of The Hague (if the origin country had signed The Hague Agreement), or by the Spanish Embassy at the origin country.</p> <p style="text-align: center;"><u>Option 5: Financial assistance from a relative of yours that lives in Spain.</u></p> <p>The relative person that commits him/herself to maintain the student must:</p> <ol style="list-style-type: none"> 1. Have the condition of legal resident in Spain 2. The student and the relative who commits to maintain him/her must be relatives within the second degree of consanguinity or affinity (parents, sons and daughters, husband or wife, son or daughter in law, grandparents, grandsons, brothers or sisters, brothers or sisters in law). <p>For this option you should submit the following documents:</p> <ol style="list-style-type: none"> a) An affidavit (notarial deed), and the following documents: <ul style="list-style-type: none"> - If the student's relative is a wage-earner, please add his/her work contract and his/her three last payslips. - If the student's relative is a self-employed person, please add the last tax declaration and the last receipt of the payment he/she does as a self-employed person. b) And the kinship evidence: A document from the origin country duly legalized, or a document issued by the Consulate of their origin country in Spain, also duly legalized. <p>IMPORTANT MODIFICATION: previously the economic media to renew your permit of stay as a student could not come, in any case, from work activities. At present, in case you have an "Authorization to work as a student", YOU CAN USE the amount you receive because of that contract to justify that you have economic means enough to renew you stay as a student's permit.</p>
<p>5. A public or private health insurance, covering the possible medical expenses and risks, if it is the case, usually covered to Spanish citizens.</p> <p>5. A public or private health insurance (continues)</p>	<p>Nowadays the Subdelegación del Gobierno does not require repatriation in the insurance. However, the CatSalut card (alone) is not enough to prove that you have guaranteed the medical assistance in Spain. Now the Spanish authorities only accept the CatSalut card to justify that you have a medical insurance if you have it because you have an authorisation of working as a student. Otherwise, they only accept a private insurance.</p> <p>- In case you have the CatSalut card: You must address yourself to the Instituto Nacional de la Seguridad Social and ask them to fill a form for you that is called: "Documento acreditativo del derecho a asistencia sanitaria en España" (Document that proves that the person has the right to use the Spanish Public Health System). In the following link you will find the addresses of the Offices where you can ask for this certificate: http://www.seg-social.es/Internet_1/Oficinas/index.htm In case they could not issue this document for you, you should subscribe a private health insurance.</p> <p>-In case you have a private health insurance:</p> <p>Updated certificate stating that you have a medical insurance, issued by the insurance company (in Catalan or Spanish). This certificate must include the following information (all items, in order the insurance can be accepted):</p> <ol style="list-style-type: none"> 1. Data of the insured person 2. Period of coverage (it is, start and end date of the contracted insurance).

	<ol style="list-style-type: none"> 3. Coverage of the insurance policy: it must offer similar coverages to the ones offered by the Spanish Public Health System. So the insurance should cover the medical general assistance and the specialized one, hospitalization, surgical interventions, etc. 4. Waiting periods to use some specific coverages. For basic services (like hospitalization, surgical interventions, etc), only a waiting period of six months as a maximum will be accepted. Moreover the insurance should include a clause stating that this waiting period will not be applied in cases of "accident or life-threatening emergency". 5. Maximum economic limitations referring to any of the coverages (expressed in Euros). In case that any of the coverages has a limitation, this one should be, at least, of 100.000€. 6. Existence of copayments. Copayments superior to 10€ will not be accepted. 7. The insurance policies that consist on the reimbursement of some quantities of money after the medical services had been provided to the insured person will not be accepted (when the insured person must pay the service and afterwards the Company reimburse him/her the total amount or a part of it). 8. The certificate must clearly state that the policy holder of the insurance is, at that moment, up-to-date with the payment of the fees of the insurance. <p>You can contract any insurance at your convenience, with any company. A good option would be the health insurance of the company OnCampus Estudia, that has an agreement with UPC. You can find information about this insurance in this link: http://oncampus.es/en/seguros/oncampus-estudia/</p> <p>If the insurance has been issued in another country (not Spain), it has to be legalized. For this, you have to make that they stamp it at the consulate of your country in Spain (or, at the Spanish Consulate in your country).</p> <p>If the health insurance is not issued in Spanish language, you have to ask for an official translation ("traductor jurado"; if you need information about it, please ask at OMI.) In the following link is the list of official translators from the different languages to Spanish: http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/Paginas/Traductoresas.aspx You should find the last update available (in the page, the file that states: "Listado actualizado al 14 de octubre de 2021").</p>
<p>6. <i>Certificate of achievement related to your previous academic year.</i></p>	<p>The student must present the marks or assessment of his/her studies corresponding to the period of duration of the card that is being renewed now:</p> <ul style="list-style-type: none"> • For students of Bachelor ("Grado") or Master: The marks that appear in the document called "expediente académico" (your transcript of records), that you can obtain from the intranet "e-secretaria" (https://esecretaria.upc.edu/), duly stamped by the academic secretary of your school. • For PhD students: The assessment of the whole previous academic year that is stated in the "expediente académico" (https://esecretaria.upc.edu/). Moreover this document must be stamped by your department at UPC. • Only for the master students that are writing their final master work or by the PhD students that are doing research in order to write their thesis: In this case, you can submit a letter, in Spanish, from your tutor stating that, during the period covered by the TIE card that you are renewing, you were writing your final work or doing research for writing your thesis under his/her supervision, in a satisfactory way.
